## Transitions Boxed Rib T Scarf Designed by Trendsetter Yarns

**Needles:** size 5

**Finished size:** 54" long x 21" wide

**Gauge:** in st st – 26sts = 4" Row gauge is not important as you will be working to a completed length or number of stitches...whichever comes first

### Knitting instructions

**Notes:** depending on row gauge, scarf may or may not come to a point at the very center. Picture has flat center. If you prefer flat center with more rows per inch then work 6 rows st st. If you prefer to only get to a point then work with 10 rows st st.

1. With the first few repeats, you will not have enough stitches to work a full repeat of Rib St. below. Work in pattern as possible for the number of stitches on the needle and stay in pattern working additional stitches into pattern. The pattern will become very visual as the scarf grows with more stitches.
2. When working increases below, work until 1 stitch before the end and work M1 increase. Finish the row.
3. When working decreases below, work until 3 sts before the end and work SSK or P2tog depending on stitch pattern. Work last stitch in pattern.

**Pattern:** 10 rows st st (knit RS rows, purl WS rows)

6 rows Rib St:

Row 1: (RS) \*P10, K2\*. Rep \*to\* across the row as possible.

Row 2: work stitches in pattern as they appear on the needle to stay in rib pattern.

-Cast on 5 sts. Purl back.

-Work in st st for a total of 10 rows, increasing as a M1 in the space before the end of every knit row. You will have 10 sts on the needle.

-Now you will start to work the Rib St. With only 10 sts on the needle, you can only work the P10 of the pattern. This is why the note is written that to start, you will not have enough stitches to work a full repeat of the Rib St section. Work in pattern as far as you can until enough stitches are on the needle to work the full pattern. Every row the pattern will grow further and further and repeat more and more. So, you will work P9, M1, K1. This will now give you the P10 of the pattern and K1 because now you have 11 sts on the needle. On the reverse side work P1, K10.

-On the next row, you will work P10, M1, K1. On the reverse side you will work P2, K10. (12 sts on needle).

-On next row you will work P10, K1, M1, P1. With 13 sts this keeps you in pattern. The reverse side will be K1, P2, K10. You've now completed the 6 rows of the Rib St.

You will repeat 10 rows of st st and 6 rows of Rib st, increasing 1 stitch in the space before the end of the row on every RS row.

When you reach 136 sts, place a marker at end of row after last increase. Continue in patterns until 27" from the cast on to needle and finishing stripe. Measure from increase marker to center point. Continue in pattern, working same distance as noted from marker to center point. If 136 sts or 1/2 way through transition change 5, decrease 1 stitch at end of every RS row until 5 sts remain. Bind off in pattern.
